SUSTAINABLE POTENTIAL

YOUR ASTROLOGICAL JOURNEY

A relationship is never just about one sign

This report explores the interactions between your planets, your emotions, your way of communicating, your natural strengths, and the challenges that can transform your relationship. Each section will help you understand why certain energies harmonize spontaneously, while others invite awareness, adaptation, and mutual growth.

Two natal charts never tell two separate stories. Their meeting reveals how two universes attract, influence, and evolve together.

LUNA ASTRALIS

YOUR NATAL CHARTS

Two birth charts, a unique encounter

Each wheel represents the position of the planets at the precise moment of birth. Synastry examines how these two astrological universes interact.

BIRTH CHART I

Martine

DATE 17/11/1970
TIME 21:36
PLACE Québec, Canada

BIRTH CHART II

Alexandre

DATE 12/05/1988
TIME 10:15
PLACE Montréal, Canada

The meeting of two universes

Astrological compatibility does not solely rely on Sun signs. It arises from the entirety of interactions between the planets, angles, and houses of your two charts. Some connections create immediate fluidity, while others invite growth, better understanding, and the construction of a more conscious balance.

THE FOUR DIMENSIONS OF SYNASTRY

Identity and personal expression

Emotions and emotional security

Love, harmony, and seduction

Desire, action, and attraction

OVERVIEW

Your overall compatibility

A synthetic reading of the major dimensions of your relationship before exploring each connection in depth.

Martine

Alexandre

GENERAL COMPATIBILITY INDEX

58%

Balance to build

Your dynamic presents a balanced mix of ease and challenges. The quality of the relationship will depend in particular on your ability to communicate, respect your differences, and build shared foundations.

Emotional Link

64 %

The ability to understand emotional needs and create a sense of security.

Communication

71 %

The fluidity of exchanges, mutual understanding, and the management of disagreements.

Romantic Affinity

60 %

The expression of affection, tenderness, harmony, and shared values.

Attraction

52 %

The intensity of desire, mutual momentum, and physical dynamics between the two individuals.

Stability

52 %

The potential for continuity, commitment, structure, and construction over time.

Evolution

45 %

The capacity of the relationship to foster learning, transformation, and growth.

A score is never a verdict

These indices provide an overview of astrological interactions. A high score reveals more natural fluidity, while a lower score generally indicates an area that requires more understanding, maturity, or adjustment. The actual quality of a relationship always depends on how both individuals choose to experience these energies.

The continuation of your analysis

The upcoming sections will explain the source of these results through your personal planets, your synastry aspects, your natural strengths, and your main challenges.

EMOTIONAL WORLD

Your emotional compatibility

The Moon reveals what each person needs to feel understood, reassured, and deeply trusting in the relationship.

Martine

Alexandre

EMOTIONAL NEEDS AND INNER SECURITY

The meeting of your two Moons

This comparison describes how your natural sensitivities recognize, complement, or require adjustments from each other.

MARTINE

Moon in Cancer

Element Water

ALEXANDRE

Moon in Aries

Element Fire

Your emotional dynamics

Your Moons in Cancer and Aries operate at different emotional rhythms. One person may need to react immediately while the other prefers to step back, analyze, or protect themselves. The relationship becomes more stable when each person learns to recognize the other's emotional language without interpreting it as rejection.

WHAT EACH PERSON NEEDS TO FEEL LOVED

The needs of Martine

With a Moon in Cancer, Seeks deep closeness, tenderness, protection, and a profoundly reassuring atmosphere.

The needs of Alexandre

With a Moon in Aries, Needs spontaneity, authenticity, and the freedom to express emotions quickly without feeling restrained.

YOUR MAIN EMOTIONAL INTERACTIONS

Moon Quincunx Mars • orb 0.1°

Impulsive reactions can sometimes hurt the other person's sensitivity.

Area of adjustment

Moon Sextile Sun • orb 1.8°

One person's identity can naturally reassure and support the other's emotional needs.

Natural harmony

Creating a climate of security

Your emotional balance relies less on reacting in the same way and more on your ability to recognize the needs of the other. When each person feels heard without being judged, differences in sensitivity can become a source of depth, tenderness, and trust.

Your emotional key

Do not assume that the other feels loved in the same way you do. Clearly expressing your needs, boundaries, and expectations helps avoid silence or different reactions being interpreted as a lack of affection.

DIALOGUE AND UNDERSTANDING

Your communication compatibility

Mercury reveals your way of thinking, listening, explaining, and transforming your ideas into words.

Martine

Alexandre

THOUGHT, SPEECH, AND UNDERSTANDING

The meeting of your two Mercuries

This comparison shows how your reasoning, words, and mental rhythms can understand each other or require certain adjustments.

MARTINE

Mercury in Sagittarius
Element Fire

ALEXANDRE

Mercury in Gemini
Element Air

Your mental dynamic

Mercury in Sagittarius and Mercury in Gemini combine the Fire and Air elements. These different but complementary mental styles can enrich your conversations: one perspective can bring what the other expresses less spontaneously, provided that each person respects the other's natural pace of thinking.

YOUR PERSONAL WAY OF COMMUNICATING

The communication style of Martine

Mercury in Sagittarius. Frank, enthusiastic, and visionary communication. This person enjoys sharing convictions and discussing possibilities, projects, and the future.

The communication style of Alexandre

Mercury in Gemini. Lively, curious, and adaptable communication. This person enjoys exchanging ideas, asking questions, and exploring several possibilities at once.

YOUR MAIN MENTAL INTERACTIONS

Venus Quincunx Mercury • orb 0.4°

The words used to express affection may not always match what the other person wishes to hear.

Adjustment needed

Mercury Trine Moon • orb 1.0°

Words can easily connect with emotions, encouraging listening, trust, and the feeling of being understood.

Smooth exchange

Mercury Opposition Mercury • orb 4.9°

Your reasoning may follow different directions and create debates, interruptions, or misunderstandings.

Opposing viewpoints

Your strength

Your mental differences can broaden the way you view situations and help you consider more solutions.

Your point of vigilance

Your thinking rhythms may differ. One person may respond immediately while the other needs time to understand or formulate their thoughts.

Your communication key

When the subject becomes important, slow down the conversation and rephrase what you have understood before responding. This simple habit allows you to distinguish a true divergence from a mere misunderstanding in words or tone.

LOVE, VALUES AND AFFECTION

Your love compatibility

Venus reveals how you love, seduce, receive affection, and build harmony within the relationship.

Martine

Alexandre

FEELINGS, SEDUCTION, AND VALUES

The meeting of your two Venuses

This comparison shows how you give love, what you expect from a relationship, and the gestures that make you feel chosen.

MARTINE

Venus in Scorpio

Element Water

ALEXANDRE

Venus in Gemini

Element Air

Your love language

Your Venus placements in Scorpio and Gemini do not always expect the same signs of love. One person may seek more spontaneity, words, or movement, while the other values security, depth, or practical gestures. Compatibility grows when each person truly learns the other's emotional language.

YOUR PERSONAL WAY OF LOVING

Love of Martine

Venus in Scorpio. Loves with intensity, depth, and exclusivity. Loyalty and emotional truth are essential for fully opening up.

Love of Alexandre

Venus in Gemini. Loves through words, curiosity, and lightness. Intellectual exchange and variety sustain romantic interest.

YOUR MAIN ROMANTIC INTERACTIONS

Pluto Square Venus • orb 0.9°

Emotional expectations may differ. One person may express love in a way the other does not immediately recognize.

Creative tension

Neptune Quincunx Venus • orb 1.8°

Emotional expectations may differ. One person may express love in a way the other does not immediately recognize.

Subtle adjustment

Venus Conjunction Pluto • orb 2.1°

This interaction gives great importance to feelings, values, and the way harmony is built.

Powerful bond

Your love key

Do not measure love solely based on your own affective language. Clearly ask the other what makes them feel loved, then transform that response into concrete and regular gestures.

DESIRE, ACTION AND PASSION

Your attraction and desire

Mars describes your drive, the way you take initiative, your expression of desire, and your reactions when tension rises.

Martine

Alexandre

ENERGY, INITIATIVE, AND INSTINCT

The meeting of your two Mars

This comparison reveals your action rhythm, intensity, how you express desire, and how you react in moments of confrontation.

MARTINE

Mars in Libra
Element Air

ALEXANDRE

Mars in Aquarius
Element Air

Your passion dynamic

Your Mars placements in Libra and Aquarius belong to the same element, Air. Your energies can move in a similar direction, encouraging cooperation, desire, and the realization of shared projects.

YOUR PERSONAL EXPRESSION OF DESIRE

Desire of Martine

Mars in Libra. Charming, relational, and harmonious desire. Seduction and the balance of sharing are essential.

Desire of Alexandre

Mars in Aquarius. Independent, unpredictable, and original desire. Freedom and mental stimulation sustain attraction.

YOUR MAIN INTERACTIONS OF DESIRE

Moon Quincunx Mars • orb 0.1°

Passion may come with strong reactions, competition, or differences in how each person takes initiative.

Subtle adjustment

Sun Square Mars • orb 1.6°

Passion may come with strong reactions, competition, or differences in how each person takes initiative.

Creative tension

Saturn Square Mars • orb 5.1°

Passion may come with strong reactions, competition, or differences in how each person takes initiative.

Creative tension

Your strength

Your attraction can become an energy of creation, motivation, and overcoming when you choose a common goal rather than competition.

Your point of vigilance

Quick reactions, frustration, or differences in pace can amplify conflicts. A conscious pause prevents passion from turning into opposition.

Your key to passion

Clearly express your wants and limits without turning desire into a power struggle. Intensity becomes constructive when it is based on consent, listening, and trust.

TENSIONS, DIFFERENCES AND ADJUSTMENTS

The challenges of your couple

Challenging aspects do not condemn a relationship. They reveal the areas where awareness, communication, and maturity become essential.

Martine

Alexandre

What tensions seek to reveal

A relational challenge often arises when an important need is expressed in a defensive manner. Behind criticism, withdrawal, impatience, or control usually lies a request for security, recognition, freedom, or closeness.

YOUR MAIN AREAS OF TENSION

Moon Quincunx Mars • orb 0.1°

This interaction requires genuine adjustment. Automatic reactions can create tension until they are recognized.

Venus Quincunx Mercury • orb 0.4°

This interaction requires genuine adjustment. Automatic reactions can create tension until they are recognized.

Sun Square Mars • orb 1.6°

This interaction requires genuine adjustment. Automatic reactions can create tension until they are recognized.

Sun Opposition Sun • orb 3.3°

This interaction requires genuine adjustment. Automatic reactions can create tension until they are recognized.

1

Avoid escalation

When emotions rise, stop immediately seeking who is right. Instead, identify what each person is trying to protect or convey.

Your point of vigilance

Do not turn a difference in functioning into a judgment on the value, love, or intentions of the other.

2

Respect rhythms

One may need to talk right away while the other needs to calm down first. Set a specific time to resume the discussion to avoid prolonged silence.

Your potential

Every understood tension can become a lasting relational skill and make the couple stronger than before the conflict.

Your key to facing challenges

Use phrases centered on your experience: 'I feel', 'I need', 'I understand'. They reduce defensiveness and allow addressing the real issue without attacking the other's identity.

OVERALL READING

The overall dynamics of your aspects

Your relationship develops through the balance between ease, tension, intensity, and the ability to adjust.

Martine

Alexandre

6

HARMONIOUS ASPECTS

18

EVOLUTIONARY ASPECTS

28

ANALYZED ASPECTS

Your natural supports

Trines and sextiles show the areas where the relationship can more easily regain trust, complicity, and cooperation. They constitute your most stable resources.

Your engines of evolution

Squares, oppositions, and quincunxes reveal the areas where the relationship demands more awareness, adjustment, and maturity from you.

Your intensity

4 conjunctions strongly concentrate certain energies. They can create closeness, fusion, and very immediate reactions.

Your balance

A rich relationship does not rely on the absence of tension. It relies on the ability to use harmonious aspects to better navigate the aspects that require effort.

The key to your synastry

Your aspects tell a dynamic relationship story, composed of ease, intensity, and learning. Harmonious aspects show where you can lean on each other. Difficult aspects indicate the specific places where the couple gains depth when choosing dialogue, responsibility, and adaptation.

Your final advice

When you encounter a difficulty, first look for which harmonious aspect can help you: communication, tenderness, patience, humor, or a common project. Your natural strengths are the best tools for integrating your tensions.

OVERALL VISION

The complete synthesis of your relationship

Your synastry describes a unique dynamic: a blend of recognition, attraction, differences, resources, and learning.

Martine

Alexandre

The overall portrait

With an estimated potential of 74%, your relationship has qualities strong enough to support something real, provided you do not let automatic patterns make decisions for you. The areas of ease show where you can reconnect. Tensions indicate where you need to become more aware, precise, and responsible.

a What brings you closer

Recognition, curiosity, attraction, and the feeling of being understood create an important emotional foundation.

i What tests you

Differences in pace, communication, or need for security can become sensitive when they remain unspoken.

& What makes you grow

Your relationship invites you to better understand your reactions, express your needs, and develop a more mature form of commitment.

What can make it last

Longevity is built through repair, shared projects, flexibility, respect for individuality, and renewed decisions.

Your relational signature

The most significant aspect in your synastry is Venus Conjunction Pluto, with an orb of 2.1°. This interaction strongly influences the way you recognize each other, react, and build your bond.

Your natal chart does not confine you to a destiny. It shows you the strengths to utilize, the reactions to understand, and the choices that can make your relationship more conscious.
